- With warmer weather on the way, more kids will be outside playing and riding bikes. Please drive slowly and come to a full stop at all stop signs to help keep everyone safe.
- Spring winds can be strong. Be mindful of doors slamming, as it can disturb your neighbors.
- As more windows open this season, sound travels more easily. Please be considerate with loud music and keep volume at a respectful level.
- The community grill is now open. Instructions will be posted, or feel free to stop by the office if you need help getting it started.
- Don't forget to run your bathroom fan while showering. This helps prevent excess moisture and keeps your home in great condition.
- Spring is a great time to freshen up your porch or patio. Sweep away dirt and cobwebs, wipe down or refresh outdoor furniture, remove any dead plants, and be sure to clear out trash or clutter to keep the community looking its best. When decorating, choose seasonal spring décor—such as flowers or light, bright accents—and be sure to remove any Christmas or past-season decorations to keep your space looking current and inviting.

Pet's of the Month

Mango, Lemon, and Lime

Introducing the tiny trio— Mango, Lemon, and Lime — the three tiny troublemakers who run our home.

Mango - high-energy hurricane who zooms around like she is late for a meeting only she knows about. Even at midnight, she's still chirping like she's hosting her own talk show.

Lemon, her equally lively best friend, hops around nonstop like a feathered gossip queen. She recently laid four eggs, and two have already hatched into fuzzy little popcorn kernels with eyes. The 2 new babies squeak like tiny rubber ducks and the other two are on the way. We asked the birdie parents for name ideas, but they only responded with louder chirps :)

Please suggest names!

Meanwhile, Lime - the chill guy who's clearly above all the drama, the quiet breeze in our noisy little flock. While Mango and Lemon act like they've had five cups of coffee, Lime is basically sipping herbal tea. He's the gentle, patient, sweetest dad, always helping Lemon care for the babies. Together, the three of them create a perfect mix of chaos and sweetness. With every new chirp, the house feels a little more live.

Summer is here, and our birds are excited to meet new friends! Feel free to stop by, watch, and enjoy!
